

# ICAgile Regional Data

Certifications Issued January - August 2023

Confidential to ICAgile Member Organizations.

Please do not distribute.

We understand that regional demand and certification trends are important to you. We've created this report to provide insights into regional data such as most popular ICAgile certifications and countries in which learners are earning the most certifications.

Keep in mind that each region's market share is different. By understanding the certifications that resonate regionally, you can make strategic business decisions.
